- **BELFAST:** Friday 4th June
- **BIRMINGHAM:** Friday 2nd July
- **BRIGHTON:** Friday 17th September
- **MANCHESTER:** Friday 15th October
- **BRISTOL:** Friday 5th November

THE ICT FOR EDUCATION CONFERENCES 2010

THE INFLUENCE OF ICT ON BEHAVIOUR

Attaining the highest educational standards through the use of ICT

With technology such a key force behind the transformation of our educational landscape, are we at the stage where it is technology that is driving both the learning and behaviour agendas in schools?

ICT is all pervasive in the building of schools, the preparation and delivery of lessons and the management of schools. ICT has raised expectations and contributed to the greater inclusion of parents, governors, administrators and children in the education system.

At the same time new issues have arisen – cyberbullying, security, assessment & measurement of success, equality of access to funds and technology.

The ICT for Education Conference Programme will address the issues of how education needs to provide a structure in which ICT can provide an effective educational environment for children. We look at how successful schools use ICT within an educational framework and with clear objectives, managing technology rather than being managed by technology. >

THE ICT FOR EDUCATION CONFERENCES 2010

THE INFLUENCE OF ICT ON BEHAVIOUR

Attaining the highest educational standards through the use of ICT

Following the success of the *ICT for Education Conference* in 2008 and 2009 held in Birmingham, *LIMA Publishing* – the publishers of *ICT for Education* magazine, the UK's leading magazine for buyers of ICT products & services for UK schools – will host **five one-day conferences** in 2010:

• **BELFAST:** Friday 4th June

Hilton International Hotel

• **BIRMINGHAM:** Friday 2nd July

ThinkTank Science Museum

• **BRIGHTON:** Friday 17th September

Hilton Metropole Hotel

• **MANCHESTER:** Friday 15th October

Hilton Deansgate Hotel

• **BRISTOL:** Friday 5th November

Grand Thistle Hotel

Why you should attend

- Thought provoking and inspirational speaker sessions addressing the current and future challenges facing you and how ICT is used in your school.
- Hear how successful schools are managing ICT within an educational framework and how you can apply them to your school.
- Learn how schools are developing corporate relationships, turning these to an educational advantage, and how your school can benefit.
- Challenge those responsible for managing national and regional education policies, and setting educational benchmarks. Are they in touch with the needs and concerns of your school?
- Network with fellow teaching professionals and those supplying ICT products and services to UK schools.

Confirmed speakers include:

- **Tim Rylands:** Award-winning Educator
- **Eamonn Duffy:** Deputy Head Teacher, Frankley Community High School
- **Ty Golding:** Deputy Head Teacher, Barry Island Primary School
- **Daniel Locke-Wheaton:** Assistant Head Teacher, Sixth Form & eLearning, Great Barr School
- **Cheryl Hoey:** e-Learning Assistant Vice-Principal, Ashfield Girls High Schools
- **Stephen Heppell:** Chief Executive, Heppell.net
- **Armando Di-Finizio:** Principal, Bristol Brunel Academy
- **David Knox:** Head Teacher, Ballychurch High School
- **Jimmy Stewart:** Director, c2k
- **Brian Vidler:** Leading ICT Teacher, ICT in Primary Education Consultant

BOOK YOUR PLACE NOW! Simply fill in the form on the back

Format of the conference day:

► 08.00-10.00

Registration, breakfast and exhibition visit.

► 10.00-12.45

Three speaker sessions interspersed with coffee breaks and exhibition visits.

► 12.45-14.00

Lunch and exhibition visit.

► 14.00-15.30

Final speaker session followed by question time with the four speakers.

Morning keynote sessions, starting at 10am, will explore the way ICT influences the behaviour of students, teachers, parents, LEAs and school-builders in every aspect of learning, teaching, designing and communicating in UK schools. The session will be interspersed with breaks to visit the *ICT for Education Exhibition*.

Pupils, teachers, ICT experts and you, the audience, can then exchange ideas in the conference panel discussions and Q&A during the conference's afternoon sessions.

To access the full programme and speaker line-ups visit www.ictforeducation.co.uk

An exhibition as well as a conference

An exhibition of ICT suppliers, related organisations & charities will run throughout the day alongside the conferences. Delegates can catch practical demonstrations and short presentations in the main exhibition area between conference sessions and during refreshment breaks. Experts will be on hand to answer your questions and help you ascertain which product works for you.

Who should attend?

- Head teachers
- Heads of ICT
- ICT managers
- ICT co-ordinators
- ICT consultants
- LEA purchasers
- Network managers

If you are responsible for selecting and purchasing the ICT for your school or education authority, or advise those who buy ICT for education, **then this event is for you.**
